

OPENING DOORS SINCE 1988

UPCOMING CHANGES

Pilot Program for City of Laguna Beach ASL Emergency Shelter Enrollment and Day Services

Effective 2/4/19, and as described further below, a pilot program will be implemented to provide overnight shelter services for enrolled guests only. This will result in the elimination of the previous lottery. Also as part of the pilot program, new day services at the Shelter will be offered to all homeless individuals on a drop in basis from 10am-1pm.

Shelter 5pm-10am: Only individuals *who are enrolled* in the new program will be offered access to the Shelter from 5pm-10am. No drop-in services will be offered during these hours.

Enrollment: Individuals accepted into the enrollment program will be offered ongoing overnight accommodations at the shelter for a period of 30 days, renewable based on their active pursuit of a housing solution. A housing coordinator will be assigned to each enrolled person and, with the guest's participation, will create a unique housing plan. Initially, enrollment will be offered to all individuals actively using the ASL who meet the City's locals criteria as well as others selected according to an ongoing prioritization criteria based on local status, vulnerability, length of time homeless and willingness to work on a housing plan. Individuals interested in the enrollment program can inquire during drop in day services.

Day services 10am-1pm: Any homeless individual may access drop-in services at the ASL during this time. These services include showers, laundry, mail, lunch meal, computers, clothing, hygiene supplies, and outreach social services, as well as consideration for enrollment at the Shelter.

Shuttle Services:

- Van rides between the downtown bus stop and the Shelter for day services will run from 9:30am-1:00pm.
- Van rides for *enrolled shelter guests only* will start at 3:45pm and end at 5:15pm. Morning rides to the downtown bus stop will begin at 9:00am

Parking lot: The parking lot must be left open for its intended purposes when the Shelter and day services are being provided. The parking lot may not be used for storage of private property or for camping or lodging.

Alternate Shelters: Enrollments are limited to available beds. However, we recognize that many may still need shelter. We highly recommend using other Orange County resources such as the Armories which have open beds regularly. We have limited bus passes to transport people who are interested in these other shelters. Information about other shelters and bus passes may be accessed through the drop-in day services.
